Introduction

Dear Applicant,

Thank you for your interest in applying for the Davidson Fellows Scholarship.

Our purpose in offering the Davidson Fellows Scholarship is to recognize outstanding achievements of young people who can demonstrate the development of their talents with a significant piece of work. We seek to recognize and award the truly *extraordinary* in Science, Technology, Mathematics, Music, Literature, Philosophy or Outside the Box. Each submission must be a piece of original work recognized by experts in the field as significant and it must have the potential to make a positive contribution to society.

The Davidson Fellows Scholarship is designed to recognize prodigious achievement and is not a competition. Each submission is evaluated on its scope and quality, level of significance, the applicant's depth of knowledge and understanding of the work in the related domain area. Information about past Davidson Fellows is available at www.DavidsonGifted.org/Fellows.

Young people selected as Davidson Fellows receive a \$10,000, \$25,000 or \$50,000 scholarship to further the development of their talent through attendance at an accredited academic institution. There is also a media component to being named a Davidson Fellow which helps us highlight the Fellows' extraordinary work as well as the broader mission of the Davidson Institute.

In addition, Davidson Fellows are encouraged to make a moral commitment to support others and develop their talents. Davidson Fellows will have an opportunity to serve as role models and mentors to other profoundly intelligent young people.

The Davidson Institute for Talent Development is a nonprofit organization whose mission is to recognize, nurture, and support profoundly intelligent young people and to provide opportunities for them to develop their talents to make a positive difference.

If at any time during the application process you have any questions, please do not hesitate to contact the Davidson Fellows Program Manager, Tacie Moessner, at davidsonfellows@davidsongifted.org or 775-852-3483 ext. 423.

Warmest regards,

Julie Dudley

Conditions of Scholarship

Each scholarship may be used only for qualified tuition and related expenses, as defined in the Internal Revenue Code §117(b) and related regulations.

Fraud and misconduct are not condoned at any level of research or project development. Plagiarism, use or presentation of another person's work as one's own, forgery of signatures and fabrication or falsification of data or portfolio materials will not be tolerated. Disqualification may also occur if an application that is submitted on time contains any omissions or errors. However, the Davidson Institute and/or the Judges may, at its or their sole discretion, contact the applicant pointing out the violation and giving the submitting applicant a designated period of time to complete or correct such application.

Employees, trustees (and their immediate family members) of the Davidson Institute and the Judges (and their immediate family members) are not eligible to apply for or receive a Davidson Fellows Scholarship.

Judging Criteria

The following criteria, weighted as indicated below, will be used for the selection of Davidson Fellows:

50 Points	30 Points	20 Points
<i>The quality and scope of the entry</i>	<i>The level of significance of the work</i>	<i>The applicant's depth of knowledge and understanding of the work and the related domain area.</i>

The selection of Davidson Fellows is strictly based upon the above criteria.

The Davidson Institute does not discriminate based on race, gender, religion, ethnicity or physical disability. All selection decisions are final.

The Selection

Each submission is examined for completeness and accuracy. Qualified entries are then sorted by category and evaluated by an independent team of judges comprised of professionals with expertise in related domain areas. The team of judges may, at their sole discretion, consult with additional experts to assist in evaluating the merits of each submission.

The Davidson Fellows Scholarship is not a competition; we seek to recognize and award the **extraordinary**. Judges will thoroughly evaluate each application, considering its scope and quality, level of significance and the applicant's depth of knowledge and understanding of the work and the related domain area.

The independent team of judges will identify which applicants will be named Davidson Fellows and decide whether they will receive a \$10,000, \$25,000 or \$50,000 scholarship. All applicants will be notified of the judges' decisions on or before July 14, 2011.

Individuals named as Davidson Fellows will be honored at an awards reception to be held in Washington, D.C. on October 4, 5 and 6, 2011.
